ABK is where we spent a great deal of time in our children's early years. All 4 took gymnastics. The benefits of the physical exercise, team building, & mental drive have proven to be vital in their transition into young adulthood. We work out at the Court House & not only enjoy exercising together, but we feel the benefits both physically & mentally are life-changing! We love the family atmosphere, cleanliness, & professionalism. It's a no-judgement zone where we feel comfortable spending time & look forward to each & every workout! We are so happy to have access to such an amazing facility! We would highly recommend ABK/Athletic Edge/Court House to anyone looking for a fun, safe family fitness center.

"We have been a part of "Team ABK" for 5 years & love it! Our kids have participated in gymnastics, dance, swim, karate, summer camps, Halloween parties, birthday parties & open gym. They always walk away with smiles on their faces, not wanting to leave. We are especially appreciative of the Karate Program & what it has done for our son. He has had a lot of obstacles that could have negatively impacted him, but with amazing instructors like Master O & Instructor Fogarty, our son's confidence in himself & respect for others far exceeds our expectations. Thankful for y'all!"

-Julie Zupan, Windermere/Van Vleet and Associates, Inc.

"The karate program for the last 4 years has been simply amazing. The influence & support from Master O'Connor and Mr. Fogarty, as well as previous instructors, have made this experience wonderful for our family. Thank you for all you have done & continue to do for those kids!" -Sarah Casey, Kids Clinic

The core of the ABK pro-

gram, Tae Kwon Do, is one of the most effective means of self-defense and works wonders for physical and mental well-being. Coordination sharpens, reflexes quicken, breathing becomes controlled, muscle tone improves, & overall strength & endurance increase dramatically. Students also have the opportunity to train using a variety of Japanese weapons! Classes, camps, seminars & private lessons available!

"I am so grateful for ABK! Their team is so wonderful. Having the peace of mind that my children are in a safe, clean place is priceless, but they also do genuinely care about the development of my children. My youngest is currently enrolled in swim & preschool & is thriving in both. He was very hesitant about swim, but the swim coaches were amazing- so kind, understanding, & knowledgeable that my son can't wait to go every week now. I can't just name one person so, thank you, ABK Staff!" -Allie Jensen

ABKFUN.COM

"Since my daughter's first preschool gymnastics class, ABK has become one of those places that feels like a second home. Seven years of gymnastics and two black belts later, our whole family began taking karate classes together in the evenings, and it has been a great experience! We really appreciate the gymnastics coaches who encourage kids to try harder and get stronger while never losing the fun, and the karate instructors who can infuse a challenging workout with life lessons and humor. Our kids have gained many things from their ABK classes, including discipline, physical strength, and self-confidence. Thank you!" -Jodi Jansen
